

Training plan for Hong Nguyen 2020

1. **Summer School Jyväskylä**, course: Shape Optimization and Free Boundary Problems, 17.-21.8.2020.
2. Student compact course, **Thematic Einstein Semester**, Energy-based mathematical methods for reactive multiphase flows, TU Berlin, Oct 12–23, 2020.
3. Participation in the International Conference on Free Boundary Problems: Theory and Applications 2020, Berlin, 31.8.-4.9.2020.
4. Participation in the Annual meeting of the SPP1962.
